

PURPLE NIGHT

ROMANIA

2025

**Together, we can
light the way to
change!**

A large, modern glass skyscraper is illuminated with vibrant blue light at night. The building's facade is composed of many horizontal glass panels, each reflecting the blue light. The Accenture logo is prominently displayed on the top left corner of the building. The sky is dark, and some trees are visible in the foreground, also bathed in the blue light. The overall scene is a striking display of architectural lighting.
